

How do we get so many dealers so easily and so quickly?

## LIBERTY SIX

We say to a prospective Liberty dealer, "Take this Liberty and try it out yourself alone where you want to and as long as you want to." If he is actually in the market for a high grade light Six, he usually signs our contract when he returns.

## ASK \$10,500 HERE

This Is Shawnee Quota on Roosevelt Campaign.

Chairman Bibby Announces Amount in This County.

SOLICIT WEEK OCT. 20 TO 27

Money To Be Used for a Monumental Memorial.

School Children Are Asked To Give 5c Each.

Every Kansas county is being completely organized for the Roosevelt Memorial campaign. A county chairman has been selected in each county and each has accepted the quota assigned to that county to raise the amount needed to put the state "over the top" in the drive, beginning October 20 and ending October 27, the anniversary of Colonel Roosevelt's birth. William Bibby, of Topeka, is the campaign chairman for Shawnee county and the quota for the county is \$10,500. The school children have been asked to give a nickel each as the school contribution to the memorial and the school contribution is credited to the county.

The money is all to be used in the purchase of the Roosevelt home at Sagamore Hill, the erection of a monumental memorial at Washington and the establishment of a Roosevelt Foundation which will carry on the ideals of Colonel Roosevelt for the Americanization of Americans, the education of native and adopted sons and daughters into American government, institutions and ideals. The monument and the shrine will take very small parts of the fund raised and practically all of the money will be used in the education of Americans in Americanism.

## MOTOR NEWS

Motorcyclists the country over who have any ambition to become famous for their riding abilities have for years looked with longing eyes at the "Three Flag Record." This course takes the rider from the Canadian border into Mexico along the Pacific coast thru the United States. The riders thus ride under the protection of the flags of three countries—hence the name.

Four riders this year have established new records. Two of them still stand. "Hap" Scherer established a new record for the middle weight class of machines, on a Sport model Harley-Davidson, and now Walter Hadfield breaks the former records of his competitors on a big Harley. The four riders to establish new records for the distance have cut off 18 hours and 38 minutes from the previous record made in 1917. The latest "Three Flag" hero made the 1,716 miles just 51 hours and 22 minutes from the time he left the Canadian border. This beats the best train time by several hours, and "two wheeler" enthusiasts are venturing that this record will stand for a longer period than the others made this season.

The Kansas Liberty company closed a fifteen car contract at Topeka this week. A car load of Liberties was delivered at Wichita this week to the Wichita Liberty company.

On a trip from Fort Smith, Ark., to Denver, Colo., traveling over several mountain ranges a Maxwell roadster made twenty-six miles to the gallon, according to its owner, W. J. Murphy, Jr.

The Porter Snyder Motor company received a Reo Six and a Starns Knight this week which will be on display at the show rooms at 632 Quincy street.

In what is regarded as perhaps the most comprehensive nation-wide move for good roads ever undertaken, approximately 7,000 Nash Quads are being placed by the government in active road-building service throughout every state in the Union. The Quads are being distributed by the department of agriculture to the respective state highway commissioners and thru them to road commissioners of practically every county in the United States.

## PRIZES AT THE FAIRS

K. S. A. C. Herds Took \$2,341.30 at Topeka and Hutchinson.

Manhattan, Kan., Oct. 4.—Livestock from the Kansas State Agricultural college took cash prizes totaling \$2,341.30 at the Topeka and Hutchinson fairs. In the steer classes college animals won all firsts and all championships at both fairs.

The litter of senior, Poland China hogs which took first, second and fourth in the futurity at Topeka was the strongest class shown in years. When 11 months, 10 days old the gilts weighed 492 pounds apiece and the boar weighed 600 pounds. They were not shown at the Hutchinson fair owing to the fact that it was thought advisable to return them to Manhattan for preparation for the National Swine show at Des Moines the first week in October.

In sheep the college took fifteen out of a possible twenty championships, besides 68 firsts, 13 seconds and seven thirds.

College bred horses took four championships, 23 firsts, eight seconds and three thirds. Murdock de 'Or, 3-year-old Belgian stallion raised by the college won championships in his class at both fairs. At the age of 36 months this animal had attained the remarkable weight of 2,150 pounds.

C. W. McCampbell, professor of animal husbandry, assigns the credit for the splendid showing of his department to E. F. Ferron in hogs, F. W. Bell in horses, and A. M. Patterson in sheep. Professor McCampbell actively supervised the raising of the cattle.

## OCT. 12 COLUMBUS DAY

Topeka Knights of Columbus Will Hold Celebration.

Topeka Knights of Columbus No. 534 will celebrate Columbus day, October 12, with an evening's entertainment and speaking. Mr. Hopper of the Orpheum theater has donated his theater that evening to the Knights for their entertainment.

The entertainment will consist of vocal solos and speaking by the Rev. Father Kuhlman of St. Mary's college. The theater will be open to the public that evening and the program will start at 8 p. m. Other speakers will be Mayor Corwine and Rev. Father Hayden. The entertainment is being held under the direction of the Topeka Knights assisted by the Spalding Reading Circle.

This is one day of the year that the Knights of Columbus all over America celebrate and initiations and banquets are being held in many Kansas towns on this day, as it falls on Sunday, Salina and Pittsburg, Kan., are holding a large reception.

## TWO KANSANS NAMED

Sam Amidon and Governor on Roosevelt Memorial Committee.

Sam Amidon, of Wichita, and Governor Henry J. Allen have been appointed members of a special sub-committee for the promotion of the Roosevelt Memorial campaign by national headquarters.

Amidon is a member of a special committee of 100—50 Democrats and 50 Republicans—who will work out the scope of the Roosevelt Memorial. Governor Allen is a member of the special sub-committee charged with the determination of the details of the Roosevelt foundation for the Americanization of Americans. Most of the money to be raised in the memorial fund campaign will be used for this purpose and Governor Allen and his committee associates are to be responsible for the establishment of this work on a permanent basis.

## More than 13,000 men are building your Maxwell

IMAGINE 13,000 men devoting themselves to a single Maxwell. Yet that is the picture which a little journey through the eight great Maxwell plants supplies.

If they built but that one car in a day its cost to you would represent a king's ransom.

But they are so well organized, their work so very definite, they are so expert in the special one thing they do, and they are aided by so many thousands of uncanny and superhuman machines, whose accuracy is down to 1/1000 of an inch, that you pay but a small price for a Maxwell.

A great aid to the economy of manufacture is the use of many, many millions of dollars so that a 10-cent piece saved on a bit of material often runs into amazing figures.

Thus the big staff of purchasing experts for Maxwell become your purchasing experts and the saving goes on to you in the price.

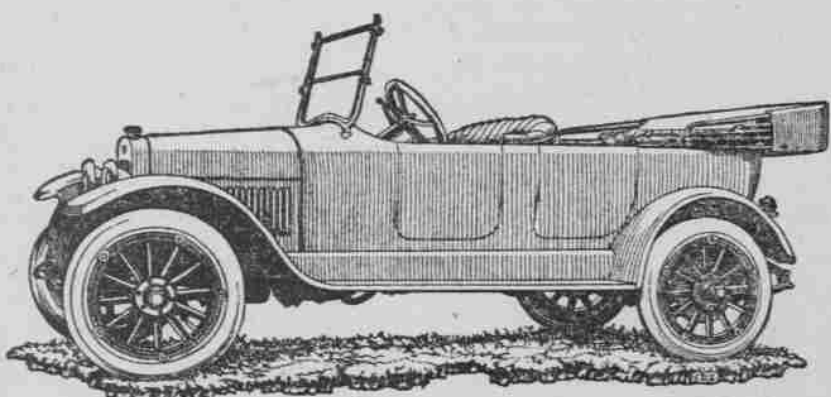

\$985 is indeed a small sum to pay for a great value in a great car like Maxwell.
